[Localized English Iw00.iwd For Cod.Mw3.rar](#)

The screenshot displays a Windows XP desktop environment with several open windows related to file archiving and localization. The primary window is WinRAR, showing a file list for 'localized\_english\_iw00.iwd' with columns for Name, Date, Type, and Size. A secondary window shows the 'Имя и параметры архива' dialog box, where the user is configuring the archive format (RAR or ZIP) and compression method. A third window shows the contents of a ZIP archive named 'russian\_chat\_characters.zip', listing files like 'gamefonts\_pc.iwi' and 'read me.txt'. The taskbar at the bottom shows the active application and system tray icons.
